

GAME: BALLOON POP

Asset list: http://fahmida0826.dk/kea/04_animation/gameassetlist/index.html

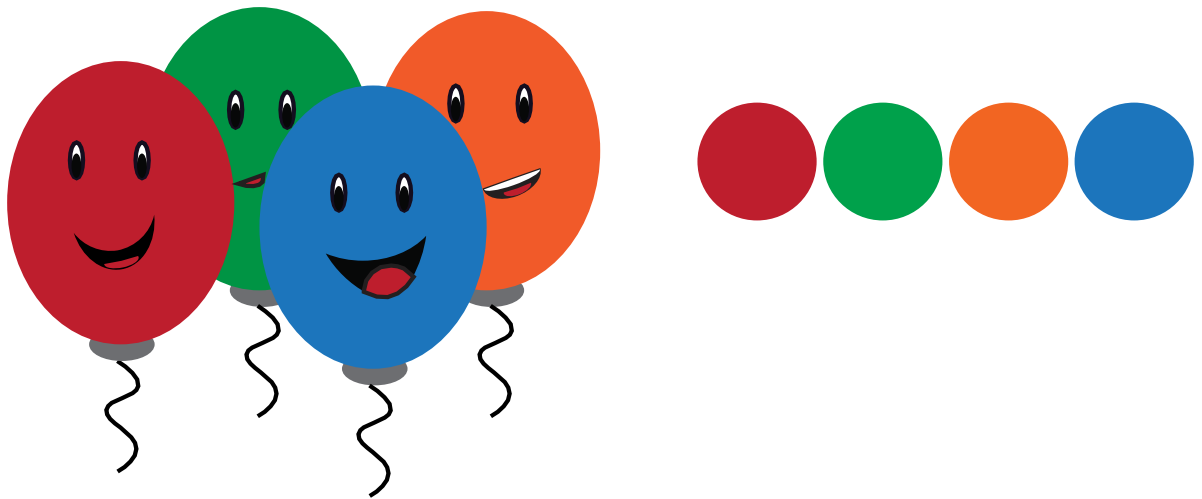

Balloon pop game is the colorful game for every child to adult. Because of its easy to play actions. In the game, every balloon pops with a single finger tap and a soothing sound. And it will give the player relaxation.

Character design:

I have inspired to create these characters from researching a lot of balloon games from app store. I find them quite easy to draw characters. I have drawn them in Adobe illustrator.

Background design:

The background is drawn by using some ellipse tool in illustrator. And I have inspired by the YouTube video link provided by our respected lecturer. The link is given below-
